David and I were good friends from grammar school through high school. We used to sleep at each others house when we were younger. We were going to get an apartment together at LSU our second year but David back out at the last minute. I could not afford the apartment by myself, so I stayed out of school that semester. I ended up getting married then finishing school. I guess you could say David had something to do with my getting married. We had alot of fun when we were kids and in high school. We both loved to hunt out by my house. I am very sorry David is no longer with us and for his family's loss. Even though we lost contact as the years passed, I know he was a good man and a good friend. Alot of by best memories are with David-We will all miss him!

I am a classmate of David's from the Class of 1970 at St. Paul's. I have not seen him since Graduation Day, but I never forgot him. We were kindred spirits where fishing and the outdoors were concerned. I remember our many conversations about fishing. He was a nice guy. I really regret that we never had a chance to visit and catch up.
