I am so sorry about your loss. I worked with Dr. Bloom at Southeast Louisiana Hospital for many years. I was one of his secretaries in the 70's when he was on the Adolescent Unit. He and several others at Southeast were the reason I went back to school and went on to get my Master's in Social Work. I have some wonderful memories of working with him...AND, I'll never forget his Dr.'s handwriting and rewriting his letters over and over and over...he was a trip! And, a wonderful psychiatrist.
