I am so very sorry to hear about your beloved mother. I met Georgia our first year of high school. We had a little click (the six of us). While we never got to see each other except at our class reunions we all enjoyed getting together. Just like old times. It was my pleasure to see Georgia at our 50th class reunion. We all had so much fun. We will surely miss her at our next party. May she rest in peace.

Georgia was a classmate of mine when we graduated in May of 1953. My twin sister and I often went to Georgia's house on Lake View in Hillsboro, and picked her up on our way to high school. You have my profoundest sympathy. I only wish our classmates could have met her children. Take Care, Sarah E.

From my wife and family, I wish you all comfort and peace during this difficult time. I remember Georgia in the good times. She was one of the toughest fighters of illness that I have ever known. She taught me well and took care of poor and difficult patients throughout her whole career, never giving up; irreplaceable professional for Macon County. In her memory, I have made a donation to the National Breast Cancer Foundation. I pray we find a cure for this terrible disease. May Louisiana grow bright again! Bobby

Terri and Family, We share in your loss at Georgia's passing. We always valued her friendship through the years. She was always kind and had a great sense of humor. Ken referred many patients to Georgia over the years because he knew that she could help them. I cared for my mother the last two years of her life while she was fighting breast cancer. Although difficult, we shared some very special time that I hold very dear to my heart. I'm sure the same can be said for you. Knowing that they are free again helps ease the pain a bit. I'm sure that Georgia is very grateful to you for that, and now she is dancing with the angels. You are all in our thoughts and prayers. Linda and Ken Scribner
