It was with great sadness that I learned of Marci's condition and her recent passing. I will always remember her for her great spirit and the laughter and goodwill she brought with her, from the first time I met her while we worked together as students back in '85. May she rest in peace.

I don't believe there is anyone in my life that has had such a profound effect upon it. You and I had and will always have a special bond that no one can undo (not even us - regardless of what we do). You are, by far, the person who I will love the most. There is no doubt that what I felt, feel and will feel for you is true love. You will always be in my heart. I am so sad that writing this is very difficult, but I am glad you are no longer suffering. I have many more things to say but I am limited in this memorial so I will tell you in my thoughts and prayers every night. You are in my thoughts and heart until the day I die. I love you. Looking at your picture makes me smile and cry at the same time, but I know you would not want me to cry (being the tough chick that you are and always have been- but I am sorry, I have to!!! can't control the emotion -love you to much). I told your dad this and I will tell you "if I could have taken your place I would have so that you would not have suffered" - I am sorry I could not. - and you know I hate shots darling :) - but I would have endured them for you!!! See you later baby. I love you forever. Sam

To Marci's Family, I do not know you. I am a neighbor of Marci. I only met Marci at our annual meeting last year and stopped at the house several months ago when I heard that Marci was having problems. My condolences to each and every one of you. You all rallied around Marci and helped to make the last year of her life as easy as possible. God bless and be with you. If I can be of any help to the family, please call me at 626-0013. Sincerely, Vivian Maloney
