My Grandfather was the world to our whole family as is our Grandmother, losing him can only be described as heart wrenching and just horrible. Not everybody realizes that he was not only a Grandfather to Myself, Christopher, and Amanda but he was without a doubt a father to us he did all those things that a father should be there to do with his kids...I live in California now and had plans to come on fathers day and see him. Tell him how much he meant to me and how much i love him, but my plans didn't go how i wanted when i received a call from my mother on Wed. June 16th I never got to tell him all the things i wanted to i never got to hug him just once more. I never got to say goodbye. So everybody knows now just what i thought of the most wonderful man to ever set foot on the planet. I love you Paw PAw and I will miss you forever.

A Great Man who will be very missed. A man that took real good care of his family and was the best Husband, Father, Grandfather, Brother and Great Grandfather anyone could have. He loved to work with his hands and to teach his Grandchildren how to do things. May he rest in peace. Love Becky
