Billie, I have been so saddened for you and your families loss of Fred. I wish so much that I could have made the trip, with Elisa & Albert, to share my sympathies, with you and the family. Surely, I too, know the void that is now in your family. Because, "He was my Brother-In-Law" for fifty one years. So many laughs, so many tears and so much love. These are the things you and he conveyed to our family. Im going to miss that smile and the hugs when he came in and when he left. Now he has left us all with memories of "Big Huggs". Also, as a Brother-In-Law, Fred left me so many bragging rights. Like his rise thru the ranks at Exxon, his creative abilities with his hands and his love for his family. I too will miss him and we all have so many wonderful memories to recall. R.B. R.B.

Billie and Family, Know that you all are in our thoughts and prayers each and every day. And although we could not be there in person today, we are only a phone call away, any time, day or night. Memories of the last 40 years of our friendships - how do you capture in just a few words - we helped mold each others lives. We love you. Tell Fred to tell Noel "hi".

Fred lived a full life that was filled with interests in nature, helping others and capturing joy in every moment. We have fond memories of his nightly neighborhood rounds on his banana bike chatting with us on a wide range of subjects including the nightly stars, making wine, and the best homemade squirrel baffles. Fred has a place in our neighborhood memories that will always bring a smile to our faces when we think about him.
