To Sarah's family and friends, My warmest recollections of Nurse Sarah came at a time when my family was going through an extremely difficult time. My husband, who worked with Sarah at Hancock, had just been diagnosed with brain cancer in 1994. She held my hand and hugged me at a time when I needed that support. I have never forgotten her kindness and love. Now the two of them get to see each other again.

My condolences to the family. I always enjoyed Ms Cathy's company. My invite to her house made me feel like it was my home too. She will be missed but it is comforting to know that this beautiful lady will walk the streets of gold. She will always be remembered.
