Our Loving Dad - We love you so much and we will miss you always. We will always treasure in our hearts, the love that you have given to us. You have always been a loving, wonderful and precious Dad to us: to Jamie, to Kim, and to Amy. You have been a loving and wonderful Paw Paw to Payton. You have left Payton with so many precious memories of you and him. You have loved Fletcher and Billy just like they were your own sons. We know you loved each one of us. You have touched each and everyone of our lives in a special way. Not just our lives, but everyone that you knew, your families and your friends. It is so hard to believe or even try to understand why God has chosen you to go home to heaven. But, we do know that God has called you home with Him to be a very special guardian angel with our precious baby sister Amy. Watch over each one of us and keep us all safe. God is calling each one of our loved ones home one by one, and breaks our family chain. But there will come a day, God will allow our family chain to be linked again. Dad, we will always cherish, in our hearts forever, the love and precious memories that you have given to us throughout our lifetime. We love you always Dad. Your Loving Daughters, Jamie & Kim

Uncle Doug, where do we begin to express how much you will be missed. You have been taken from us surprisingly. Its all a shock still. You have touched each and every one of our lives in a special way that no one else can. You are a one of kind Uncle that no one can be like. No matter what was going on or who was around you always made us smile. Each and every one of us has that one special memory of you being crazy and making us laugh. I know that you are with our loved ones that has gone on before us and you are watching over us with them. I know you are in a better place but its just so hard to accept the fact that you will no longer be with us. Its not that easy to say good bye to you. I have tried several times to tell you but cant. I know the time is here and now and we need to hold our loved ones close and let them know that we love them cause we are on borrowed time and we never know when our time is up. Uncle Doug I want you to know that I love you and always will. Ya'll keep watch over us all,for one day we will meet again. I know its a glorious place in heaven right now because it holds some very special people,My dad,Paw Paw Kuhn,Bubba,Amy and now you.LOVE YOU
