He was the brother-in-law of Dale LeBlanc, Diane LeBlanc, Keith Treuting (Mignon), Karen T. Stein, Jaime Gonzales (Dave). He was the uncle to numerous nieces and nephews.

John attended East Jefferson High School where he developed a love of baseball. He moved on to Tulane University where he excelled at baseball and his studies. He earned both undergraduate and graduate degrees in business from Tulane. He was employed by Anheuser Busch, Morgan Keegan and recently retired from Johnson Rice where he was a partner and an institutional stockbroker.

I worked with John at Morgan Keegan in Memphis, TN during the late 1980's... until he returned to the Louisiana-area, and fondly remember his stories about taking care of all the children when Madeline was traveling as a senior sales executive for FedEx. The most memorable "family event" occurred when one of the kids, while playing with the phone, accidentally dialed 911. This action caused about one-third of the Germantown, TN-based fire & rescue squad plus three police squad cars to report to the house... and almost tear-down the front door. John LaBLANC touched my life, and the souls of many people, which helped us all become-- better people. My deepest prayers are with Madeline and the family. God bless you...

John was the kind of person who took time for everyone. Fred was still asking about him as long as he could. This cruel disease that took so much of their memory. I understand your feelings right now and know that the whole family will continue to be the family he was so proud of. The service was so moving. How lucky we were when we moved to Longvue. Billie

I was deeply saddened to hear of John's passing. What a game struggle he fought against a terribly debilitating disease, all with grace and his characteristic good humor. He was a wonderful guy with a terrific family, all of whom I believe I've had the privilege of meeting at least a time or two under the lights at Turchin. I will surely miss his easy manner and bright outlook on life. May God bless John and his loving family. Know that you are all in my prayers.

We met John in Omaha, Neb. in '01 to see Tulane play in the College World Series. He was thrilled that while in the airport I was able to help him book a room in the same hotel as the team, so he treated me to breakfast the following morning. Within minutes, he sensed he was speaking to a spiritually hungry woman and strongly encouraged me to discover Regnum Christi if I wanted a real experience of Jesus Christ and the means to grow in love with him. His conviction and love was strong and sincere, and I looked into the next retreat, which led to my full participation ever since. Our family has a radically different life for the better due to how John challenged me at breakfast. This is how I'll always remember John going about his day to day. Even in the midst of baseball euphoria, it was Christ that remained foremost on his mind and in his heart. God's arms have been wide open for John for a while now, and heaven will be a much better place because of him. My prayer is that those same loving arms that have been so anxious for John also wrap around his wife, children, and every family member, so that they will not only be comforted and consoled, but they too will be such a light of Christ to others.
