I remember meeting Barbara ten years ago when I began at working at DM. She not only taught me a great deal but was a wonderful friend and encourager. She also had a fabulous sense of humor. I have many fond memories of times when we laughed until we cried. She will be sorely missed. Melissa and Scott, I will keep you and your family in my prayers and will ask God to comfort you in your time of need.

Barbara inspired me to believe that life is about moving forward and not looking back in regret. Things in life happen for a reason. I believe my encounter with her was indeed to persuaded my growth. I am thankful that I met her. "Luv Ya Barb". To her daughter, you and I know that you had a wonderful mother.

Barbara was a kind and genteel lady and will be dearly missed. Our friendship grew over our mutual love of cats. We would laugh and share stories and pictures of our "babies". Goodbye, my friend.

I'll miss you my friend. You were one of the nicest people I've ever known. Your love of good music and sense of humor at work have been sorely missed since you retired and now I'll miss our cartoon/funny story e-mails that we shared after your retirement. My condolences to family and friends. The world has lost one fine lady!

I am saddened by the loss of your mother, mother-in-law and grandmother. I knew Barbara for many years at the SPR. I was one of the many people she helped with our documents. She was always kind, cheerful and helpful. I especially remember around 2004 how we discussed our Disney trips. I know that is a trip you will always treasure. She was so happy to be going with you. Best wishes for all of you in your time of sorrow. Jerry Scjroeder

Barb will truly be missed. I remember that she always thought of my daughter who is diabetic and brought sugar free candy to work on the SPR for her. We talked about our children and grandchildren all the time. She will always have a special place in my heart as one of those people who touched your heart when you came in contact with her. She is truly an angel.
