Cheryl, I just found out yesterday about Gene's passing. I had the opportunity to run into him at the store in town sometime last year and we talked for quite awhile. He talked lovingly and with pride of you and your children and grandkids. I remember going back and telling my husband Fred about how nice it was to see and talk with him. My thoughts are with you today as you say goodbye to your partner and friend. The memories will help and you'll be able to keep him alive in your heart and pass on his love through the kids and grandkids so that he will always be a part of their lives. For now you will have others by your side; make sure that you have some support in the days, months and years to come. If there is anything I can do, don't hesitate to get in touch.
