This is the most beautiful Tribute I have ever seen. It touched me so deeply. I remember Glenn as a young boy, we were neighbors and all the kids played together. He always had such a beautiful smile. Kids grow up, move on and make their own life. He was loved by so many, I felt the love viewing this Tribute. Glenn was a Gentle Giant for so many and will be missed. He loved life and lived a full life. The loss of a love one is so hard. I pray that God will comfort his family when they remember each memory they have with him. Margaret & Joe Stein.

Glenn your journey here on earth is over and your journey in Heaven is just beginning. My friend you will be missed by us who you have left behind. Until we meet again my friend I salute you. I know that you are smiling down on us. Your love for life and family can never be matched. I know your daughters are hurting right now. Time does heal but you will be missed by everyone that you came in contact with. Just remember Tanya and Tara the memories that your Dad left you and that will put a smile on your faces as big as the one your Dad had. Glenn I was proud to have known you and to have called you my friend.

Playing Softball with Mr. Glenn is my favorite memory of him. No matter the score or if I made a bad play, he would always make me laugh by saying something funny or just laughing himself. My kids still remember him playing Santa Clause at the Guard Unit Christmas Party. I was lucky enough to go to work with my dad when I was little quit often. Even at work he was always smiling and laughing. I never left talking or thinking about him without smiling and feeling good about myself and life in general. Just as I am now writing these memories. I know I will always smile when I think of him! Tanya and Tara, Y'all are in my thoughts and prayers. Keep Smiling!

This man had a perpetual laugh that could have a whole crowd laughing, just because he was. I loved that about him. His loyalty to his family and friends was unwavering and his love for his girls, unending. There was only one Glenn and everybody who knew him knew the same man, no pretense, only Glenn. His infectious laughter will be missed so much. Our deepest sympathy to his family. Please call on us if we can help in any way. Bruce and Billie Stein

Girls, as you both know there were so very many memories of us all together. But, the one thing that really stands out, was your Dad could never say "No." He was always there for anyone that needed him, big or small. He never met a challenge that he could not conquer, nor would he ever give up. He loved the simplest things and everything made him smile . He had a heart of gold and a laugh that could brighten up the world. He was always proud of his girls, even when yall were small, he knew that you girls could accomplish anything you put your mind to. This was a wonderful trait that you got from him. I thank God for allowing me and my boys the rare opportunity to be a part of your family, where love flowed with each passing day we shared together. From the earliest childhood memories to the adults that you girls are today, your Dad's love never ceased to amaze me. We were all truly blessed to be his family. Love you girls!

Mr. Glenn. The mere thought of that man brings a smile to my face. I grew up with he and my dad working at the same base in Hammond. I could not go visit dad and not see Mr. Glenn. It was literally my favorite part of the visit. He always made me laugh, had such a genuine loving heart, and saw the best in nearly everything in life. He loved his girls, Tanya and Tara, like a true father should and they both hung the moon in his eyes. I remember a company party once and we were just high school/jr high kids, but then again, so was Mr. Glenn (at heart). :-) My brothers Blake and Ben got up and sang Come Monday by Jimmy Buffet and I'm fairly certain Jimmy himself joined the song through the voice of Mr. Glenn. We laughed until we cried as was customary with Mr. Glenn. I remember going out to visit him in Montpelier after he retired. At the base, he would always say "xx more days until no one will ever make me shave or cut my hair again" as he counted down his final days in a uniform. When I saw him for the first time in a little while after he retired, he had sure made good on that countdown. Still smiling, still laughing, full beard and long hair but under it all we see those compassionate smiling eyes that could immediately soften a hard heart. They just don't come any better than him. A legend and true gentleman. Mr. Glenn, You will be missed and loved forever.

Glenn and I started 1st grade together at the Madisonville school. We graduated high school together. We were close friends from 1st grade throughout our entire life. We shared many good times and memories together. Although in our older age we didn't visit as often as when we were younger when we did see each other we just picked right up from the last visit just like it was yesterday. I called Glenn the night before he headed to his last surgery and told him what he meant to me. I knew he was very sick so instead of intruding I kept track of what was going on with him through mutual friends. The evening before his passing I prayed for him and fell asleep thinking of him only to awaken to the news he had crossed over to the promised land. I will always cherish our long friendship and the memory of his big booming laugh will always echo in my mind and cheer me up. Glenn touched more people than I think he ever realized by simply being Glenn.

 If one is called home, what a great time for a soldier to be laid to rest, Memorial Day weekend. I am sure he was welcomed by many who went before him. Those he served with will walk beside him and his family during this time of sorrow. This is a touching tribute. One well deserved by a beautiful soul. His smile was infectious. His courage was inspiring. He will never be far from our thoughts.
