Working with Mike taught me a lot about how to complete jobs and finish them. The most important thing regarding paint projects that Mike gave me " Always paint before the grid goes up or you will regret it."Remember , a family that prays together stays together. Michael so saddened by the news of your untimely passing. Always cringed when you were my painting sub but was at ease at the same time because you brought results not excuses. Definitely old school, that's what these youngsters are missing out here. I pray your family finds peace in God's word. Will miss you onsite for sure. God speed my friend till we meet again. I worked with Mike for 27 years. He was more to me than just a customer, he was my friend. I would like to leave a few words of encouragement to the family.God saw Mike getting tire and beating cancer was not meant to be. So God put his arms around him and whispered "Come To Me". With tearful eyes your family watched as you peacefully passed away. Although we all loved you deeply, your golden heart stopped beating. Now your working hands are at rest. God broke our hearts to prove to us, he only takes the very best.Those we love remain with us, for love lives on, and cherished memories never fade. Even though our loved one is gone. However those we love can never be more than a thought apart, for as long as there is memory, they will live on in our hearts.Mike you were all I could ask for in a friend. It was a pleasure to be in your company. You touched so many lives with your kindness, caring, loving and peaceful nature. you will surely be missed.Your friend Jonathan Taylor
