There are too many memories to think of... I miss you with each day that passes and sometimes its hard for me to wrap my head around you not being here anymore. You were and will always be my hero and I thought you would be here forever because nothing could take you down. You were always invincible to me. No words can express my gratitude for all that you have done for me in life. You were a father figure when dad wasn't around and you taught me pretty much everything i know. I miss you bro and love you with all my heart. I know i will see you again but until then give Granny a hug and kiss for me.
