So sorry to hear of Barney's passing. I knew him when he was the executive officer at Troop L and I was a sergeant in LSP narcotics. He was extremely supportive and always kind and friendly. I had a great deal of respect for him. My deepest condolences to the McClain family. You are in my thoughts and prayers.

Worked with him for years at Troop L, no finer man and most level headed person to be around. Could always sit and talk to him and get right answers to any problem. I know I will surely miss him, my sympathy and regards to Beth and rest of the family.

Let me begin by expressing my condolences to Lt. Malains family and friends and as a young Trooper we looked to leaders like Lt. Mclain for guidance and mentoring, he never disappointed. Upon my arrival to Troop L in December 1979 it was clear that Barney was a fair and honest leader who took the public's safety and the safety of the Troopers seriously. His sense of humor could often take the edge of a tense situation, I am grateful for what he taught me and his service to such an exceptional organization.

There are so many memories I wouldn't know where to begin. I just want to say I never met a better man, father, husband or human being in all of my life! I loved him like a father and will miss him. But he lived a good life and was and still is a great example of how to be a kind but respected man. Love you B! Mike Gill

Barney was our rock after our parents passed away. He held our family together and quite often took care to help each one of us. We learned many things from him and had many good laughs. What I do know is that we will miss him terribly and think of him often and remember all the laughs we had. He was so funny. Last week we were talking. I asked him how he was doing. He told me that if he could just walk two steps forward without walking back three, he would be OK. He had a way of making light of misery. Here's to you Barney, we will be with you again and I know you are having a wonderful time with all the family. Give them all a kiss from us. We love you
