Glen you are missed by so many and especially by me, I'll miss our multiple daily talks and visits seeing you at home and in the shop asking me what time I'll be at your house and not forgetting to pick up a coca cola iccee for you if I don't mind. You were my best friend and truly my older brother, we shared so many life stories some were great and some bad but we always stuck together and laughed at it all. You have a beautiful family that loves and miss you, You've always told me that once you left this world that your name would go with you and people would forget who you are but all I've always told you and I'll say it now is that you will never be forgotten and will always live in my heart just as you will in so many others, I love you my brother and I'll see you when it's my time and not to worry I'll bring an iccee for you.
