I was truly sorry to hear of Nolan's passing. I spent many a happy time speaking with Nolan before and after the NO Section AIChE meeting back in the 80's. He was the seasoned engineer, I was the young guy. He inspired the local section leaders who carries the section through the 80's and 90's. William C. Boutall P.E.

To the family of Nolan. My condolence to all of you. I was closest to Curtis and Hazel, they were the only two I had met. They were outstanding people and it was a pleasure knowing them. I had plenty of conversations with Curtis about the family it was always interesting. I had always remembered Nolan because of his living in Covington. I had lived in Covington during the 60's and had wondered if he was living there then and we could have met. Nolan and Curtis favor one another a lot.

I first met Mr. Bodin when I was 15 years old and am grateful to have have known him even better as an adult. He loved his family dearly, and I pray you all find comfort in your memories and knowledge that he has gone home. See you at the house, Mr Bodin!" In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also." John 14:2-3
