NOV 4, 1935 - JAN 9, 2021

**D**r. Thomas Willson Jr., 85, of Covington, passed away January 9, 2021, peacefully at home with his family.

Tom, known as Doc to many, was born on November 4, 1935 to Thomas and Verna Willson in New Orleans, LA. He graduated from Rugby Academy, Tulane University and Loyola Dental School. He then did his residency in the United States Army as a Captain and was stationed in Fort Benning, Georgia and Fort Ord, California.

Anyone who knew Tom knew he was a character with a keen sense of humor and who had a passion for fishing, golfing, and Mardi Gras. He was a charter member and King of the Krewe of Olympia. He was a former member of the Rotary Club, Jaycee's, former president of Covington Country Club, and a Master Mason at Crescent City Lodge #387.

Tom was preceded in death by his parents, sister, and two sons, James and John. He is survived by his wife of 62 years, Mary Kathryn Parker Willson, and children, Thomas Willson III, Brenda Willson Raymer (Kenneth), and Kay Willson Burns (Wade). He is survived by his grandchildren Ashley Raymer, McKenzie Bankston, Thomas Willson IV, Courtney Raymer, and Logan Bankston.

The children of Tom would like to thank our Mother, Mary K, for her dedication to keeping our father at home through the years. We want to thank St. Tammany Hospice and offer special thanks to independent caregivers, Wendy, Jennifer, and Judith for their compassion, friendship and skilled assistance and for making our father's final days comfortable and peaceful.

Relatives and friends are invited to attend a visitation from 3:30 PM until 5:00PM, on Saturday, January 16, 2021, at EJ Fielding Funeral Home, 2260 W 21st Ave, Covington, LA 70433, followed by a private family service.

Dr. Tom, as he was introduced to me when I was 5 years old in 68, was my dentist until I left Mandeville in 1982. I met Jim, Tom and Brenda at MES. Jim and I became fast friends/enemies from the get go. Paling around and fighting our whole young lives. The Doctor loved having me around, especially when it was time to move heavy things. Dr. Tom took all of us kids to a Tulane vs LSU football game in the dome once. First we ate and loaded our pockets with peanuts at the Gound Pati restaurant pregame. Then after a Tulane victory, he drove us around Mandeville to TP all his LSU alumni friends houses with green toilet paper. One of many good times I can always remember compliments of Dr. Tom. RIP sir, I always looked up to you with admiration and respect. My sincerest condolences to Mrs. MaryKay, Tom, Jim (RIP), Brenda and baby Kay.

I remember rolling houses that night! I couldn't believe we were allowed to do it much less having my Dad leading the adventure. Dad bought all the toilet paper he could find... Fun times!

Tommy took me, his niece, to learn how to swim at City Park public pool. The pool was an Olympic sized double pool open to the public. He told me to climb up to the top of the slide and he would catch me at the bottom. Trusting & naive me, climbed to the top, checking to see if he was waiting for me at the bottom . Of course he couldn't catch me, but he made sure I didn't drown!

Tommy, maybe 4 or 5, ran into the house one day as he was fishing in the drainage ditch behind the house. He caught an alligator! He was so excited! His mother and sister brushed him off, "Sure son. You got an alligator." Until the neighbor came in and told them you better come look, because he had a good sized alligator at the end of his cane fishing pole! YIKES!!!!

In an effort to bond with his brother in law, Everett, my daddy, and Tommy went fishing. On the drive to a treasured fishing spot of my dad, my dad noticed the boat and trailer they were bringing had taken another parallel road (not being securely hitched to daddy's truck). My dad, having a very dry Midwestern humor, calmly told Tommy to speed up so they could get there before the boat did as it was passing them up the road. 🤔

Tommy always had me, his little niece, hanging around he and his friends. One day they decided to play "cowboys" and tied me to a tree. Years later, I met his friend again and he turned out to be a high school friend of my then husband, Philip. We had a really good laugh remembering the stories.

Tommy was recruited by his one and only sister, my mother, to help me with fractions or algebra as I was having difficulty understanding. He came over daily and helped me with my homework. From then on, I had such an understanding of math for the rest of my school days. I never had trouble again with it.

Whole in dental school, Tommy ran out of gas on St. Charles Avenue. He called his Dad to come & get him. Pops showed up & asked him if he had the gas card, his Dad's gas card, on his person. Tommy said yes. Pops got back into his car & drove away letting him figure it out for himself.

Tommy played football for a year or two while in grammar school. On one play he got tackled pretty hard. His mother ran onto the field yelling "My Son! My Son!" After that, Tommy asked his Dad to keep her away from the games from then on. "Please!"

Dr. Willson will be deeply missed, and remembered for his kindness, dedication to his family and dental practice, and a generous and loving man. Doc also had a great sense of humor, was always upbeat, and quick with a smile and some wit to brighten your day. In many ways, he was like another father to me, and I considered him as such. I have many great memories of our fishing, golfing, Mardi Gras outings, working in the yard, and the many board games we all enjoyed together. He was had a wealth of wisdom and advice, which helped me tremendously in both my professional and personal life. So many great memories of an honorable and hard-working man, father and husband, and may all who knew him remember him this way. Doc, you are greatly loved, and will be missed more than you know. Rest in peace my dear friend, and enjoy the riches of Heaven.
