To the entire Fallon Family:We have been knowing Michael seems like forever. Melvin, my husband, grew up and hung around with Michael (Popeye) and Donald and in fact he stood in our wedding in 1967. He was a good friend even though we did not see him or Christy except for phone calls, weddings and funerals.Not so long ago he came over to visit and as usual he spoke of his cars and Mels porche.Both Christy and Mike will be missed by all of us who knew and loved them.Nancy & Melvin Harmann

When I was a little girl, I remember my Mother telling me and my sisters how special we were. She explained to us, she and my Dad had picked out Christy to be our sister. They adopted her. When Christy was six months old, Mom found out she was having Darlene, then she had me, and Nadine was last. Christy was a fun adopted sister. Mom taught us to take care of each other and love each other. I was so excited that out of all of my friends, I was the only one with an adopted sister. I used to brag about it.As an adult, I used to love it when people would tell me how much I looked like Christy. I would always say, "She was the sweet sister." Christy was a great Mother and Mike was an outstanding Dad. Sean and Sheri turned out to be successful, wonderful adults.I remember after my open heart surgery in December, 2019, Mike would drive me to my doctor's appointments in his Porsche. What a sweet brother-in-law.I will keep them in my heart until I see them again in heaven. Love, Rose Rita

Dear Sean and Sheri, Both Kim and I were saddened by the news you lost both of your parents the same day. Mike and I go back to our teenage years, with lots of wonderful memories about cars and motorcycles that we both loved and enjoyed. Your dad was always willing to help anyone anytime they needed help. Christie also was always very knowledgeable with all of life's experiences...wish we would have gotten together more often, they will be missed!. May they both rest in eternal peace forever.
