As I shared in my note remembering Dr. Gregory, I have been away and out of touch for many years. But Jackie and the entire family have a special place in my heart and influenced me so much growing up in Mandeville. Jackie was the first artist I ever knew. I remember her creating the Fire Sculpture for St Timothy United Methodist Church in Mandeville. She always welcomed me into their home and on family RV vacations with open arms and sense of fun, adventure, and creativity. She was an amazing person, as was Dr. Gregory. I cannot imagine my young life and some difficult times my teenage years without them. They were my refuge during some family struggles. Denise Jacobson (Sossaman)

I have 44 years of wonderful memories of "Jackie". Both she and "Greg" welcomed we "yankees" and helped us learn the good life of Southern living. Greg was our doctor and Jackie and I enjoyed a lot of fun times with our Red Hat group. We're sad to lose them both so close together. May you be comforted in knowing that they are together again. Our sympathy, Jan & George Hachtel
