I had Mr.K all 3 years of being at Mhs and from the beginning he was always my favorite teacher he knew how to light up a room with his little Batman cup and his love for PC games and superhero's, Mr.K always made me feel at ease in his class with letting us turn in work late or anything like that, he even would tell me all about stocks and even gave me college tips and he told me one day about how proud he was from how far I'd become. Mr.K always pushed me to actually try at art even tho I was very horrible at it he always lifted me up for trying. Not a day will go by that I won't remember the impact he has on my life and what he did for me and all his students, I am praying for his family and him as well. Rest In Peace Mr.K I hope you're doing art in the clouds!☐

Mr. K was by far my favorite teacher at Mandeville Highschool. I can't explain how truly thankful I am to have had him as a teacher that I could go to for anything. Going to his class was the best part of my day. I felt like I could take a breath and have an hour to become less stressed about all the challenges of life. He did the little things for everyone that came through his door. For example when school lunch was nasty- which it usually was, he would let me use his microwave to make some mac n cheese. I will forever miss Mr.K and I hope that he is resting easy.

Tracy, When I saw this it broke my heart. I did not know your son. We have not saw each other in quite some time since working together at the old South Savings. Reading all of the wonderful truly inspiring comments he sounds like he sure got you and your husband in him and you did a great job raising him - he has impacted so many people. I am so sorry for your loss. I just wanted to let you know you and your family are in my thoughts and prayers. May God wrap his loving arms around you and comfort you through the hard days to come. Michelle

I had Mr. K as an art and graphics art teacher for 2 years at Mandeville High. One of the nicest and most laid back teachers I had ever known. I would always stop by his room and say hello every once in a while, he would sometimes stop by my work at Fat Boy's Pizza too. Knowing he won't be there for our senior year really is heartbreaking and terrible. May he rest in paradise.

June 28 at 7:09 AM

Sydney Shalett posted:

Mr.K was my yearbook teacher for the past two years. No matter if I was having a good or bad day he would always talk to me and cheer me up. I would always go in his room during lunch and ask him about his day and what coffee he was drinking that day and especially how many cups he drank before lunch. These are some of the many memories I had the chance to share with him and they certainly will not be forgotten.

Louise Johnson posted:

I met Taylor in 2009 during our very first college course- Basic Drawing. He was very intimidating at first because he was the most talented person in the room. Little did I know he was also the kindest- and that we would take like 100 more classes together. Our friendship revolved around education class madness, the never ending classroom management plan assignment that generated inside jokes for years to come, sharing notes in class, studying for hours and calling out questions to each other, and moral support for anything and everything education related. Our schedules were so similar that I once accidentally took an online exam on his blackboard account because he borrowed my computer and forgot to log out. I ended up calling him immediately after I found out and he laughed and said, "What'd we get?" Long story short, after many words and debate, we turned ourselves in and each got to retake the exam. We were both strict rule followers... but we often debated who was at fault for this incident. Taylor was a true friend. He listened to my rants (there were plenty- he was very patient), gave me advice, played pool with me inbetween classes, and was always quick to give pep talks. For a while, life kept throwing us in each other's paths... and then we hit life after college where suddenly our paths no longer crossed. The last time I saw Taylor was at a job interview, where we applied for the same job. Once we found out... we laughed and said may the best person win... neither of us got that job. Just last year, he commented on an old FB thread that we should get the art Ed gang back together.... but I said let's wait until after this Covid thing. Life doesn't always work out the way we think it is going to. Nothing is guaranteed. I'm sad that I didn't take this opportunity to reconnect. I'm sad that I won't get to have another conversation with my old friend. I'm sad to see someone so great be taken so soon. Taylor was a kind, patient, level-headed, great person who always had a positive spin to situations. My thoughts and prayers go out to Taylor's family and friends in the difficult time. I'm grateful to been inspired by and to have known Taylor Krulisky.

I met Mr. K my junior year after I moved mid year from Houston, Tx. I had him for yearbook and threw my first few weeks their before Covid I always looked forward for his class. Going into my senior year I struggled with depression, anxiety, along with losing my grandfather. As I struggled threw it all I lost my spark and muse to do yearbook, and draw which we would constantly talk about in class and lunch. He encouraged me and he gave me my spark back if it wasn't for him I wouldn't be doing what I love more than anything in this world today. May you rest in piece Mr. K I am so grateful i got to meet you and had you for a teacher.

For 3 years of high school I had the pleasure to be in Mr. K's class. He was a teacher who was always ready to help in whatever way he could. He was always a light on my baddest days and one of my biggest cheerleaders when it came to finishing school. I am so sadden to know that i can never go back to visit him to catch up on life. Class never felt like class with him. I got to work with Mr. K with the yearbook for 3 years we both went in and had to learn the whole system together and keep pushing to finish a book that was 7 months behind and he never gave up no matter how frustrating it got. my first year of yearbook camp i forgot my wallet, Mr. K paid for all my food that weekend and refused I re pay him back.that's just the kind of charter he was he never wanted anything in return. You will never meet another teacher like him. I was deeply saddened to hear this terrible news but I know he's in heaven smiling down on us. I will forever miss this Batman loving teacher. Rest easy

I had Mr. K for 3 years at MHS. Two of those years I had the pleasure of being one of his editors in yearbook class. I worked and collaborated with him daily, whether it was drafting emails, editing photos, or designing page layouts. Mr. K not only taught his students, but he created a comfortable atmosphere that allowed students to express their creativity. I was always making excuses to get out of class so I could go to his classroom to work on yearbook or simply because I enjoyed talking to him. He always welcomed me and listened to me when I needed someone to talk to. There's no one I would've rather spent the last two years creating yearbooks with. He has truly made a difference in my life and I will never forget him. He was loved by all of his students, especially those on the yearbook staff. We will miss him dearly and make sure his memory lives on through the MHS yearbook☐

Aj Odak posted:

I've had Mr. K for all three years of high school. It was both of our first years at Mandeville High and some of the greatest memories I have of him is just being able to talk to him about anything. He was always there for us no matter what was going on and by far everyone's favorite teacher. He was still a kid at heart and me and him both were always talking about comics, his favorite being Batman, and superhero shows or anything going on. I also remember when we would ask him to flex his muscles for us and he would always say, "I can't, I don't want to rip my shirt." We also used to always sit in his class for lunch because a lot of us didn't have many friends or just get more comfortable in his class. We used to always joke about him having lunch duty on Wednesday's and Thursday's and how we couldn't sit in the class with him. Mr. K was one of the funniest and most influential persons in my life and I can't thank him enough for all of the things he has done for me. This last year will be sad for me. The first thing we do when going back to school is going to homeroom. I realize now that Mr. K won't be there because he was my homeroom teacher. We all love you Mr. K and we certainly hope to see you again one day.

Linda Odak posted:

I started my teaching career 8 years ago right next door to Taylor at Salmen High School. We were both brand new and just trying to do the best we could that first year. I couldn't imagine how hard it was for him teaching high school as he was fresh out of college and so young looking. He quickly became a student favorite. A couple of years later, we became colleagues again at Mandeville High School. It was great to see a familiar face, and my own twins had him their first year at MHS. They adored Mr. K as he became known to all his students, and he was often a favorite subject around our dinner table. Both of them spoke so highly of him and how much fun his class was, with my daughter remarking that she would take one of his classes every year until she graduated. Both of them took classes with him the last 3 years and had him as a homeroom teacher. He created an environment where students felt comfortable to create, and he served as a support and mentor for his students. Last year, our school year was cut short due to Covid, and Mr. K devoted his own time to ensuring the seniors that year had a great yearbook and momento of their time at MHS. My oldest graduated in that class and I was so impressed by his devotion to the kids and how hard he worked on that yearbook. I can't begin to properly communicate how much he will be missed by his colleagues, students, and parents at MHS. There will not be an event this year that he will not be thought about and deeply missed. Our heartfelt sympathy goes out to the Krulisky family on this devastating loss. Please know always that he touched so many lives and truly made a difference for so many kids in his career. With love and prayer, Linda Odak Ally, Ashley, and AJ Odak
