Still trying to understand why God took you at such a young age, but I know there is a reason. Girl did we do some cutting up growing up. We were always into something and I wouldn't change any of it for the world. I'll always treasure our memories. Rest in Peace my sweet friend.

Many years ago when I first met you, I felt like I've always known you. You had a great sense of humor and you were such a sweetheart. Your kindness, love, and support for others was heartfelt. I loved how you always told it like it was. I know you and Toby are now hanging out together in Heaven. I love you both. Until we meet again, Ms. Cissy

Never in a million years would I believe this is where we would be today, but I know your body is at rest now and the burden of your suffering is gone. You were always there for me and although we've had a few ups and downs we always remained the best of friends and I'll cherish you forever, the boys will never be the same but will be ok. Until we meet again, keep looking over us and tell all of our loved ones up there of all the love we have down here for you and them. Goodbye for now!
