You always said Peyton would do amazing things with his life. You would be so proud of him. I know he wishes you were here to cheer him on at his games. We know you are watching down on him from heaven!

I know you came to visit me on Friday. My client who is actively passing told me you were there and I looked just like you. She had no clue that you passed almost 3 years ago and for her to ask me if I had a mother for me to say yes and have her say beautiful I look just like you. I know you are always with me close by. I love you and think about you every day.

Can't believe it's been 2 years today. I wish you were at the wedding in person but I know you were there in spirit. I love you and think about you everyday.

I can't believe today makes 1 year that you have been gone. I'm still grieving everyday. I sometimes ask God why he took you so soon. I love you and miss you more than you will ever know.

I hope my sister feels at peace just like she always made me feel. She was not only my big sister she was my best friend. She was the one person I could tell all my secrets to no matter what they were. It was so easy to talk to her about the past and the future. My heart is broken today knowing our time has ended so soon but I know one day we will meet again. I will never forget you and I will carry you in my heart ALWAYS. Love, your little sis, Margaret
