Alan Carl Sconzert

DEC 16, 1949 - AUG 16, 2023

Alan Carl Sconzert completed his final trip around the sun on Wednesday, August 16, 2023. Born in Denver, CO on December 16, 1949, Alan had the opportunity to live in multiple U.S. states and territories as the eldest child of an Air Force family. While attending college at TCJC in Fort Worth, Texas, he met his wife of almost 50 years-Martha Sue Hall.

Together, they ventured to Galveston, Texas, where Alan obtained his PhD in neurosciences from University of Texas Medical Branch and greeted his first child- Elizabeth. Switching gears, the family moved to Dayton, Ohio, where Alan graduated medical school from Wright State University and greeted his second child- William. Alan then completed a dual residency in psychiatry and neurology at Tulane University in New Orleans, Louisiana where he greeted his third child- Phoenix. Alan built the first part of his medical practice in Pasco, Washington, and he later moved to Lake Charles, Louisiana for the final chapters of his practice.

Alan loved music and traveling, and at any stage in his life, you could find him contemplating the perfect soundtrack for his most recent wild hair, which almost always involved a scenic road trip to explore a remote part of the country while stopping to visit lifelong friends and extended family along the way.

He is survived by his loving wife, Sue; his three children, Elizabeth (Shawn), William, and Phoenix (Sarah); his granddaughters Hattie, Harper, and Juniper. He is also survived by his sister Deb, and nieces, nephews, cousins, and wonderful lifelong friends.

He was preceded in death by his parents Delores Unertl Sconzert and William Sconzert; and siblings, Bruce, Christopher, Everitt, and Francis.

He will be missed by all who knew and loved him.

Wow! Just heard that Dr Sconzert passed away. I was one of his first nurses when he started his neurology practice in Lake Charles, LA. He never forgot my birthday or Ethan and Rebekkah's birthday. I always looked forward to receiving a birthday card with a CD of my favorite music in it. He never traveled anywhere without sending our family a postcard. I will cherish these special memories forever. I will never forget how he told me to remind his patients the correct way to pronounce his name..."Concert but with an "S". The perfect way to remember such a kind man and his love of music! Fly high Dr S! Love you forever! Sarah Broussard LaFargue

For more than 30 years, I had the privilege of calling Alan Sconzert my friend. We met as neurology residents at Charity Hospital in New Orleans, where we shared our fascination with the complex and mysterious cases that challenged us every day, and our passion for the gumbo of music and culture of that city. Alan had a great sense of humor and a love for music. I remember accompanying him on amazing expeditions finding live music- from late nights at Tipitina's to annual pilgrimages to the Jazz Fest. Even years after we left New Orleans, he would often send me tapes and CDs of music he knew I liked, along with thoughtful notes and postcards. He never forgot my birthday or anniversary, and he always made me feel valued and appreciated. I know he did the same for many others. I was lucky enough to practice neurology again with him years later in Lake Charles. Alan was an excellent doctor, who cared deeply for his patients and colleagues. He was always ready to lend a hand, offer advice, or crack a joke. He was a mentor, a role model, and a friend to many. He was blessed with an amazing and patient wife Sue Hall and three incredible children, all different and all brilliant, each with that same spark of curiosity about the world that Alan had. Alan was more than a friend to our family. He was there for us through the hurricanes and the floods, through joy and sorrow, through health and sickness. He supported us, encouraged us, and inspired us. He enriched our lives in so many ways, and I will always be grateful for his friendship. Alan, you will be missed by everyone who knew you. You left a lasting impression on this world, and you touched many hearts and minds. You were a rare and precious gift. Rest in peace, my friend. Timothy Best

We were so saddened to hear about Dr Sconzert's passing. As a Family Practitioner, Alan was my partner, and my neurology referral source. And as my friend, he gave me insider information on the best route and parking for the New Orleans Jazz Fest! I always enjoyed receiving his postcards and CD's from his travels, and felt privileged to be a recipient! I referred many patients through the years, including my first-born grandson, and trusted his expertise and opinion implicitly. There is no doubt that he was truly "one of a kind"! We would like to express our heartfelt condolences to his family. Sincerely, Dr Tom and Carol LeBeau
