I just saw this obituary. In 1969 I made a special trip to Bill's house, in our shared hometown of Houston, to meet him, and to try to encourage him to join Sigma Chi fraternity at Tulane, where he pledged and was initiated as a Brother. We had many adventures at Tulane and later, including being roommates during his Senior year in a rambling old house facing Broadmoor Playground on General Pershing avenue. We kept in touch when Bill moved to SoCal for his residency, and had some great times until he moved back to Louisiana, after which we lost touch. Very sad to hear of his passing, and that we did not keep in better touch later in our careers. He was a one of a kind guy. My condolences to his wife and family. Norm Vinn

I just learned of Bill's passing and my heart is broken. What a gift he IS to all who KNOW him! His light, his life, his love, & good cheer will be forever with us. I got to know Bill during our undergraduate years in New Orleans and later when he moved to Houston and then California in the mid-to-late1970s. Now, just over a year after his passing, my heart goes out to his most blessed Miriam & the children. What joy, I am sure you gave him over the last three decades. May his influence for good, growth, & greatness live forever in our hearts. With love and gratitude on this Thanksgiving Day 2024, Yvonne Maddox Roderick, Logan, Utah.
