I have such fond memories of Alesia. Riding together to school, playing soccer for years together, and lots of laughing about nonsense things we'd talk about. She was a great friend to me and showed me confidence and how to be comfortable in your skin. The world lost a truly beautiful soul. I will forever treasure my memories.

Playing together as kids in the 80s...and Alesia helping me out of my hardest time in life. She helped me tremendously to have a new life in Mandeville and out of a desperate situation. Love and miss her forever.

Aiesla When I was 16 years old was my counselor at I believe it was called truth 180. She was my favorite one and I will certainly miss her. She was so awesome teaching kids the right thing and not the wrong thing. Ya know? And then we reunited at a group we all used to go to by the lakefront. Anyway, she will be missed. I lost my big brother 2 years ago. And the pain never goes away. But we learn ways to cope. Very sad. God is watching over us and now our beautiful guardian angels are with us to. Respectfully, Jacques
