Getting to know Frank over the last seven years has truly been an honor. I'll always treasure the moments when we could laugh together, especially during those times when it seemed like we were both just barely holding it together in the crazy lumber industry. His presence made a difference — in the work we did, in the people he touched, and in the friendships he built. He will be deeply missed, but never forgotten.

Frank was uncompromising in his devotion to Lumber Products. Would go in at any time to take care of problems. One of best salespeople I ever witnessed.
