“ Mike thank you for always being there for me when I needed help with anything. I would pull some silly tricks and get myself in to silly jams and call you and you would come to my rescue so I wouldn't get in trouble for being stuck in the mud. Lol. Thank you for letting D.J. come in your home and life and treating him like your on two sons. Teaching and showing him what a real man and awesome father was all about and what it meant in life. D.J. highly respected and loved you for everything you taught him. I have always highly respected and loved you for the wonderful husband to my sister and father to my two nephews Josh and Jarrett. You weren't just a brother in law to me, you were like a brother to me and I thank you and love you for everything you did for me and my boys. You were great roll model for them as they were growing up. Heaven gained a very special precious Angel when God called you home. You are truly going to be missed by many of our family because you made and had so many memories with them all, and made some type of impact in their lives. I know you are at peace and in no more pain , but it still hurts us all. Rest with Jesus Turkey. I'll see you again my brother in law (brother) in heaven one day. I love you Mike.
