“ My Gooma,  
You were the light and joy of this family. You beamed with love wherever you went. Having you in my life has been a blessing from start to everlasting. I love you so much Gooma. Never did I imagine I'd have a life without you in it. I know you're still with me, arms spread wide, planting kisses on my cheeks. I love you!

“ Where do I start we loved this beautiful soul so much at Piccadilly. She was family to us. We seen her practically everyday and if we didn't we were looking for her. Our heart is broken but we will cherish all the good memories we had with our dear Mrs Shirley gone but will never be forgotten

“ A fourth generation Louisianan with roots to a land purchase in Tensas in 1849 by our third great grandfather, Shirley is my first cousin, her Mother Rebecca Gibson is my Great Aunt...we were both born in Shreveport, but you might say we were separated at birth, me being the first born of a career military family and soon left the area ... Shirley's life wandered as far as the New Orleans area....a true plant...in the past few years, thankfully with social media and two of the four of my 2nd cousins, Kurt and Rhonda, we became connected cousins....Kurt and Rhonda shared the many family experiences the Johnson's had....in particular Saints games and those fabulous celebrations at Basco's....and I was able to bring some cheer and laughter to Shirley by posting some old family photos...it's a heck of a way to keep in touch with family, but I'm grateful for the time we all had together....virtual time, as it was....but precious, unforgettable time....love you cousin and may this journey now be as rewarding as the one you just left....
