“ Traci! My dear tough friend.....When you texted me to tell me you quit your job....I knew something was wrong....You were such a hard worker and I've never known you to miss work....When I got the call that you'd transitioned.....It felt like someone kicked me in my stomach....You were one of the first people I met; when I moved to Hammond....and I'm grateful for having met you.....I will never forget your smile, the way you loved your family, all of our long phone conversations; as you drove home from work and especially; how you loved cold chocolate milk. Take your rest my friend.....you fought a tough fight....You were a good person with a big smile. You will be missed.

“ Traci was one of the first people I worked with in the dental field. She taught me a lot and I enjoyed working with her. She always spoke so highly of her daughter, Kristi. Traci went through so much in this life but she was always a very proud mom. She will be missed!!!

“ Traci was very devoted to her profession and the people in her family. She gave of herself to a fault, even when it must have been with too great a sacrifice. This was Traci and how she expressed love in her life. My heart is filled with love for her and my memory of working as her co-worker many years back. My life is richer for having known her and her never give up spirit. Rest In Peace, my friend.

“ Wayne, Kristi, Amanda, Juanita, Marci, Russell, Kurt, and family, you are in my prayers for the loss of Traci. She was truly a gift to all who knew her. A loving, serving, compassionate lady who, gave, as some have said, to the point of a saint. "Rest in peace dear Traci, and may light perpetual shine upon you." Love to all of you, Louis Ogle
